“Drive with confidence”

A product by **GOHIL** |

A Visionary Message from Mr. Jaydipsinh Gohil

Dear Valued Customers and Partners,

As the founder and Managing Director of Gohil Group, I am thrilled to share our journey and vision with you. Since our inception in 2010, we have embarked on a path defined by innovation, quality, and an unwavering commitment to excellence.

Our flagship brand, G-Crankz, was born out of a passion for enhancing vehicle performance and longevity. It symbolises not just a product but a promise – a promise to deliver superior engine oils that keep your vehicles running smoothly and efficiently. Our relentless pursuit of innovation and quality has positioned G Crankz as an emerging star in the automotive lubricant industry.

At Gohil Group, we believe that true success extends beyond business achievements. It lies in our ability to make a positive impact on our community and environment. This belief drives our initiatives through the Gohil Foundation, where we focus on the upliftment and betterment of mechanics and workshop employees. By providing them with development opportunities, we aim to contribute to a thriving and sustainable community.

I have always been passionate about driving cars and exploring new horizons, much like the journey of Gohil Group. Our commitment to sustainability is reflected in every aspect of our operations, ensuring that we not only meet but exceed industry standards while preserving our planet for future generations.

In every endeavour, I am guided by three core values: Inspire, Innovate, Excel. These values are not just words but the very essence of our approach. We strive to inspire our team, innovate with cutting-edge solutions, and excel in delivering the highest quality products and services.

As we look to the future, our vision is clear — to continue setting new benchmarks in the industries we serve, fostering a culture of excellence, integrity, and social responsibility. Together, we can drive forward, achieving greater heights and creating lasting impacts.

Thank you for being a part of our journey. With your support, we will continue to lead with vision, passion, and a commitment to making a difference.

Warm Regards,

Jaydipsinh Gohil
Founder & Managing Director, Gohil Group

ABOUT THE GOHIL GROUP

Founded in 2015, Gohil Group is a multifaceted business conglomerate with a strong presence in diverse industries, including lubricants, tyres, batteries, and agriculture. Our commitment to innovation, quality, and sustainability drives us to deliver exceptional products and services that meet the needs of our global clientele.

OUR VISION, MISSION & VALUE

Our Vision

At Gohil Group, we envision a sustainable future where our innovative solutions and products enhance the well-being of our planet and its people. We strive to be a leading global player in the industries we serve, fostering a culture of excellence, integrity, and social responsibility.

Our Mission

Our mission is to empower a greener tomorrow through our subsidiaries' high-quality products and services.

Our Value

INSPIRE: We believe in inspiring our employees, partners, and customers to reach their full potential. By fostering a culture of motivation and empowerment, we create an environment where innovation and excellence thrive.

INNOVATE: Innovation is at the core of our business strategy. We invest in research and development to bring forward-thinking solutions to the market, ensuring we stay ahead of industry trends and meet the evolving needs of our customers.

Excel: Our commitment to excellence drives us to continuously improve our processes, products, and services. We aim to set new benchmarks in quality and performance, delivering unparalleled value to our stakeholders.

Gohil Foundation: Through the Gohil Foundation, we are dedicated to the upliftment and betterment of mechanics and workshop employees. Our CSR initiatives focus on providing support and development opportunities for those who maintain and service vehicles, contributing to a thriving and sustainable community.

| Customer-Centric Approach

We pride ourselves on our customer-centric approach. Our knowledgeable and experienced team provides excellent service and technical support, assisting customers in selecting the right products for their specific needs. Building strong, lasting relationships with our customers is key to our success.

| Comprehensive Range of Products

In addition to G-Crankz engine oils, Gohil Group offers a comprehensive range of products through our other brands:

Tires & Batteries: We provide 360-degree solutions with best-in-class products from leading manufacturers around the world.

Agriculture Solutions: Innovative products and services tailored to meet the needs of the modern agricultural industry.

“Drive with confidence”

G-CRANKZ Engine Oil brings to your driving experience.

WELCOME TO **G-CRANKZ** INDIA

ENGINE OIL

AGT / ADVANCED
GERMAN
TECHNOLOGY

Established in 2018 in Mumbai, **G-CRANKZ India** focuses on creating engine oils that enhance vehicle performance and longevity. Through continuous research and development, we lead the industry in lubricant innovation. Our commitment to excellence drives us to deliver products that not only meet but also exceed our customers' expectations, ensuring their engines run smoothly and efficiently.

The Story Behind G-CRANKZ

The name "G-CRANKZ" carries a deep significance

G + C + Z = G-CRANKZ
ENGINE OIL

"G" Represents our AGT based formula emphasis on leveraging scientific advancements.

"CRANK" Represents the crankshaft of an internal combustion engine's strat.

"Z" Reflects the emotional connection to the sound of a well-engineered engine.

"Drive with confidence"

"Drive with confidence" encapsulates the assurance and trust that G-CRANKZ Engine Oil provides. With a commitment to performance and reliability, G-CRANKZ Engine Oil empowers drivers to navigate the roads with utmost confidence. Our high-quality lubricants, formulated with advanced technology, ensure optimal engine protection and efficiency. By choosing G-CRANKZ, drivers can experience the peace of mind that comes from knowing their engines are well taken care of. Whether it's a long journey or challenging driving conditions, G-CRANKZ Engine Oil stands as a dependable companion, enhancing engine performance and extending engine life. Drive with confidence, knowing that G-CRANKZ Engine Oil fuels your vehicle's performance and reliability.

OUR VISION AND MISSION

Our Vision

Empowering India's Engines: Our vision is to be the trusted companion of every vehicle on Indian roads. We strive to enhance performance, extend engine life, and contribute to a greener, more efficient automotive landscape. Through innovation and quality, we aim to become the go-to choice for discerning drivers and mechanics.

Mission:

Driven by Excellence: Our mission is to create high-performance engine oils that exceed industry standards. We are committed to:

- Delivering superior lubrication and protection to engines, ensuring smooth rides and optimal efficiency.
- Working for the upliftment and betterment of mechanics and workshop employees through our CSR initiatives.
- Promoting sustainable practices by minimizing environmental impact throughout our product lifecycle
- Educating consumers about the importance of regular maintenance and responsible oil disposal.

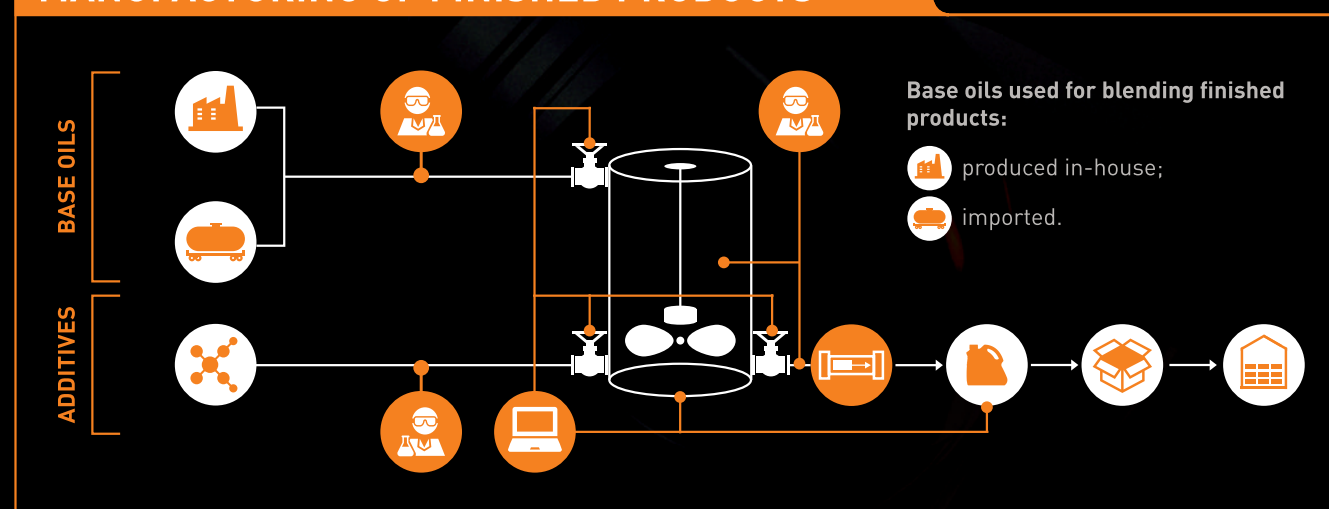

TOGETHER,
we're powering India forward,
one engine at a time.

ADVANCED GERMAN TECHNOLOGY (AGT)

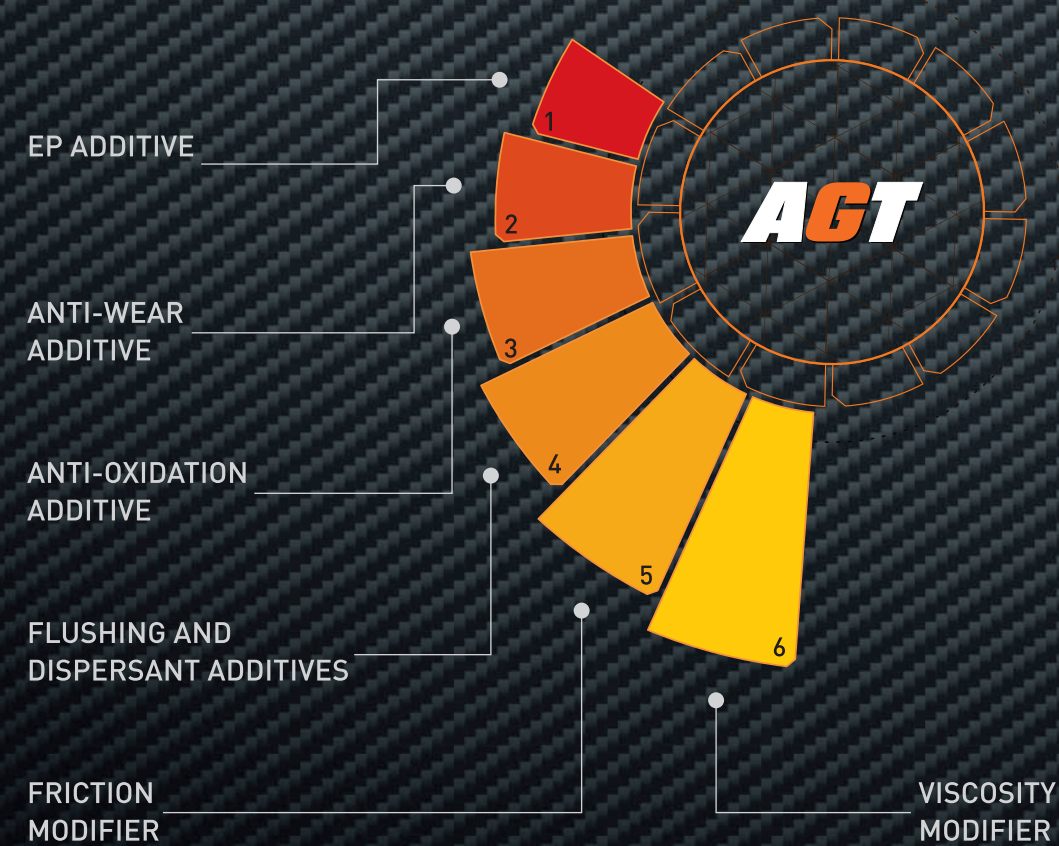

At the heart of our innovation lies AGT, Advanced German Technology. This cutting-edge technology ensures that our engine oils excel in performance and reliability. Our collaboration with German companies underscores our dedication to excellence and continuous improvement in automotive lubricants. With AGT, we deliver unmatched driving efficiency and protection, providing our customers with an unparalleled driving experience.

MANUFACTURING OF FINISHED PRODUCTS

OUR SUPERIOR PRODUCT RANGE

G-CRANKZ offers a comprehensive range of engine oils, each formulated to provide excellent performance in various driving conditions. Our products are designed Whether you drive passenger cars, SUVs, light trucks, vans, heavy vehicles, or cranes, we have the perfect engine oil to meet your needs

“Drive with confidence”

ENGINE OILS FOR PASSENGER CARS (PCMO)

Pack: 1L, 4L

G-Crankz F1 0W-40 (API SP)

- Excellent overall performance for lubrication and wear protection for a variety of driving modes
- Quick engine starting in cold conditions helps to prolong engine life.
- Enables prolonged drain interval protection by assisting in preventing oil ageing.
- Aids in the prevention of deposits and sludge build-up to prolong engine life.
- Outstanding overall lubrication and wear prevention for extended component and engine life

Application:

Turbo-charged and direct injection high performance engines. Gasoline engines with catalyst (TWC). Passenger cars, SUV's, light trucks, and vans. Highway cruising and stop and go city driving. Normal to frequently severe operating conditions

G-Crankz F1 5W-30 (API SP)

- High-quality formulation ideal for a wide range of vehicles that require a high-quality product.
- Optimised for use with emission control systems such as DPF (Diesel Particulate Filter) and TWC (Three Way Catalyst) to keep them operating at peak performance.
- Instant oil flow at low temperatures allows for simple cold starts and excellent lubrication from the first seconds of ignition.
- A thick oil coating protects the engine from wear under all operating situations, resulting in a longer engine life.
- Using modern detergent additives for engine cleansing, it prevents the formation of sludge and hazardous deposits.

Application:

Turbo-charged and direct injection high performance engines. Cars with environmentally friendly exhaust systems, like EGR and TWC, DPF. Passenger cars, SUV's, light trucks, and vans

Pack: 1L, 3.5L

G-Crankz F1 5W-40 (API SP)

- High-quality formulation ideal for a wide range of vehicles that require a high-quality product.
- Optimised for use with emission control systems such as DPF (Diesel Particulate Filter) and TWC (Three Way Catalyst) to keep them operating at peak performance.
- Instant oil flow at low temperatures allows for simple cold starts and excellent lubrication from the first seconds of ignition.
- A thick oil coating protects the engine from wear under all operating situations, resulting in a longer engine life.
- Using modern detergent additives for engine cleansing, it prevents the formation of sludge and hazardous deposits.

Application:

Turbo-charged and direct injection high performance engines. Cars with environmentally friendly exhaust systems, like EGR and TWC, DPF. Passenger cars, SUV's, light trucks, and vans

Pack: 1L, 4L

G-Crankz Active 5W-30 (API SP/ ILSAC GF-6)

- Quick Engine Start at any temperature condition.
- Exceptionally designed for use in high & Low ambient temperatures
- Maintain viscosity at high & low temperature conditions.
- Excellent thermal resistance & Stability hence Enhance Protection against sludge.
- Reduce fuel consumption substantially & prolong engine life.
- Provide smooth & quiet engine operation contribute to trouble free ride.

Application:

G-CRANKZ Active 5W-30 is suitable for all leading brands such as MARUTI, HYUNDAI, TOYOTA, MAHINDRA, TATA & other brands requiring engine oil of API SP/ILSAC GF-6 Specifications recommended by manufacturer Such as BMW, CHEVROLET, DAEWOO DATSUN, FIAT, HONDA, HYUNDAI, MAHINDRA, MARUTI, MERCEDES BENZ, MITSUBISHI, NISSAN

Pack: 1L, 3.5L

G-Crankz Active 5W-40 (API SN)

- Formulated to meet the needs of a wide variety of vehicles requiring high quality products.
- Long engine life is ensured by strong oil films that protect against wear in all operating conditions.
- Utilizes advanced detergent additives for engine cleanliness to prevent the formation of sludge and harmful deposits.
- Maintains viscosity grade and protective oil film throughout drain intervals.

Application:

Engines with turbochargers and direct injection for high performance The API SN standards are required for gasoline and diesel engines without diesel particulate filters (DPFs). Vehicles such as passenger cars, SUVs, light trucks, and vans

Pack: 1L, 3.5L

G-Crankz Active 10W-40 (API SL)

- High-quality formulation ideal for a wide range of vehicles that require a high-quality product.
- Quick cold weather starting contributes to engine longevity.
- A thick oil coating protects the engine from wear under all operating situations, resulting in a longer engine life.
- Aids in the prevention of oil ageing, allowing for longer drain intervals.
- Using modern detergent additives for engine cleansing, it prevents the formation of sludge and hazardous deposits.
- Maintains the protective oil coating during the drain interval and the viscosity grade.

Application:

High-performance turbocharged and direct injection engines Petrol and diesel engines without diesel particulate filters (DPF) that use API SP engine oil Passenger automobiles, SUVs, light vehicles, and vans

Pack: 1L, 3.5L

G-Crankz Super 600 15W-40 (API CI-4+)

- Demonstrate high level performance delivering superior protection from engine wear.
- Protect & Reduce engine component wear.
- High Thermal stability which prevents deposit formation & provide matchless soot control properties.
- High TBN Reserve provide protection from combustion acid & corrosive wear.
- Low oil Consumption & extend oil drain intervals.
- Prolong engine robustness & vehicle life.

Application:

G-CRANKZ Suoer 600 15W-40 is best suitable for modern emission compliant TREM IIIA engines of tractors such as Escorts, Eicher, Mahindra, Swaraj, HMT, Sonalika John Deere. This oil can be used for other Farm equipment, construction equipment & DG sets.

Pack: 1L, 3.5L

G-Crankz Super 400 15W-40 (API CH-4)

- High acid neutralizing properties provide superior corrosion protection to extend overhaul intervals.
- Control of high temperature deposits formation to reduce maintenance costs.
- Protection against oil thickening to control filter pressure for long engine life.
- Resistance to breakdown under different operation conditions to extend engine life.
- Performance stability during whole drain interval

Application:

A diverse selection of turbocharged and non-turbocharged diesel engines that must fulfil API CH-4 performance and the Euro 2 emission standard. On-highway heavy-duty trucks, buses and mixed fleets powered by petrol engines. Agriculture, mining, construction, and quarrying vehicles are examples of off highway uses.

Pack: 1L, 3.5L

G-CRANKZ Engine Oil brings to your
driving experience.

“Drive with confidence”

ENGINE OILS FOR MOTORBIKE (MCO)

Pack: 0.9ML/1L

G-CRANKZ MOTO 4T 5W-30 API SN / JASO MB

Semi-Synthetic Engine Oil for 4-Stroke Scooters

- BS-VI compliant - Protects new-gen engines.
- Low oil consumption - Less evaporation loss.
- Keeps engine clean - Enhances engine life.
- Superior protection - Engine, gear, and clutch safety.

Application:

Perfect for scooters like Aactiva, Access, Dio, Wego, Chetak, Maestro, and more.

G-Crankz Scooter 4T 10W-30 (API SN / JASO MB)

- Maintain viscosity at high & low temperature conditions Provide greater fuel efficiency while reducing friction.
- Protect engine wear & tear hence reduce maintenance cost.
- Provide smooth acceleration in city 'stop-n-go' condition.

Application:

G-CRANKZ SCOOTER 4T 10W-30 is specially recommended for all types of 4-Stroke Modern gearless Scooters manufactured by all leading manufacture such as Bajaj, Honda, Kinetic, TVS, Suzuki Yamaha

Pack: 0.8ML

Pack: 1L / 2.5L

G-Crankz Shooter 4T 15W-50 (API SN)

- Helps prevent deposits and sludge build-up to enable long engine life Excellent overall lubrication and wear
- Protection performance for many driving styles
- Outstanding performance during the maximum oil change interval recommended in a vehicle's owners manual
- Extra protection for severe service

Application:

G-Crankz SHOOTER 15W-50 is recommended for all types of vehicles, suitable for use in high-performance turbo-charged, supercharged gasoline and diesel multi-valve fuel injected engines found in passenger cars, light vans and trucks. G-Crankz SHOOTER 15W-50 is suitable extreme engine stress conditions, where conventional oil often may not perform. G-Crankz SHOOTER 15W-50 is not recommended for 2-Cycle or aviation engines, unless specifically approved by the manufacturer

G-Crankz Moto 4T 10W-40 (API SN / JASO MA2)

- Smoother clutch engagement and clutch slippage removal for easy gear changes and optimal power transfer
- Protection against oxidation at all working temperatures reducing deposit formation in air-cooled engines
- Reduces wear in high-stress engine and gearbox components under extreme operation conditions.
- Control the creation of deposits to avoid sludge and keep your engine clean and operating smoothly.
- Longevity of the valve controls and bearing components

Application:

Four-stroke motorcycle engines where API SN or JASO MA2 fluids are required. Motorcycles with or without immersed clutches. Optimized for lubrication systems where engine, gearbox and clutch are integrated (wet sump). Small four-stroke gasoline engines requiring API SN performance (or lower). Gardening equipment that specify 10W-40 viscosity grade. Four stroke outboard/inboard air-cooled engines

Pack: 0.9ML/1L

G-Crankz Moto 4T 10W-30 (API SN / JASO MA2)

- Exceptionally designed for use in high & Low ambient temperatures
- Maintain viscosity at high & low temperature conditions.
- High Thermal stability which prevents deposit formation
- Expedite Faster Pick-Up
- High on fuel economy & low on Maintenance

Application:

G-CRANKZ MOTO 4T 10W-30 is specially recommended for all types of Modern Air Cooled 4-Stroke Bike Engine of Motorcycles & Scooters of 150 cc manufactured by all leading 2-wheeler Brands such as Bajaj Yamaha, Hero, TVS, Kawasaki, Honda, KTM

Pack: 1L

Pack: 1L

“Drive with confidence”

AGT / ADVANCED
GERMAN
TECHNOLOGY

ENGINE OILS FOR HD & GEAR

Pack: 7.5L / 10L / 15L

G-CRANKZ EXTREME 600 15W-40 (API CI-4+)

- In areas with high sulfur fuel levels, oil draining with a high acid neutralizing capacity provides superior corrosion protection.
- Stability of performance throughout drain intervals
- Extended engine life due to resistance to breakdown under different operating conditions
- Control of high temperature deposits formation to reduce maintenance costs.
- Excellent performance in both low and high temperature service

Application:

Various turbocharged and non-turbocharged diesel engines meeting API CI-4 performance requirements. This product is suitable for engines equipped with exhaust after-treatment devices (EGR, SCR). Suitable for gas engines and mixed fleets that use both gasoline and diesel engines. Type of oil.

G-CRANKZ EXTREME 400 15W-40 (API CH-4)

- Demonstrate high level performance delivering superior protection from engine wear.
- Protect & Reduce engine component wear.
- High Thermal stability which prevents deposit formation & provide matchless soot control properties.
- High TBN Reserve provide protection from combustion acid & corrosive wear.
- Low oil Consumption & extend oil drain intervals.
- Prolong engine robustness & vehicle life.

Application:

G-CRANKZ Extreme 400 15W-40 is best suitable for modern emission compliant TREM IIIA engines of tractors such as Escorts, Eicher, Mahindra, Swaraj, HMT, Sonalika John Deere. This oil can be used for other Farm equipment, construction equipment & DG sets.

Pack: 7.5L / 10L / 15L

G-CRANKZ TRACTOR 300 20W-40 (API CF-4)

- Demonstrate high level performance delivering superior protection from engine wear.
- Protect & Reduce engine component wear.
- High Thermal stability which prevents deposit formation.
- High TBN Reserve provide protection from combustion acid.
- Low oil Consumption & extend oil drain intervals.
- Prolong engine robustness & vehicle life.

Application:

G-CRANKZ Tractor 300 20W-40 is best suitable for tractors and farm equipment. Escorts, Eicher, Mahindra, Swaraj, HMT, Sonalika John Deere.

Pack: 7.5L / 10L / 15L

G-CRANKZ GEAR OIL 75W-90 (GL5)

- Increased load bearing capacity to prevent high speed scoring and spalling, low speed/high torque wear, and both.
- Enhanced smooth shifting efficiency.
- Less sludge and deposit build-up for a longer transmission life.
- Low temperatures increase oil flow and circulation, extending the lifespan of the gearbox.
- Improved gear performance and long component life need protection of copper and its alloys.
- Excellent control over leaks.

Application:

Vans, buses, light- and heavy-duty vehicles, and passenger automobiles. Off-highway businesses in the construction, mining, and agricultural sectors. Applications requiring high severe pressure gear oil that meets API GL-5 include axles, transmissions, and other components. Not suggested for automatic or semi-automatic transmissions, which are best lubricated with engine oil or automatic transmission fluid. Not appropriate for situations requiring limited slip.

Pack: 1L / 2.5L / 5L / 20L

G-CRANKZ GEAR OIL 80W-90 (GL4)

- Extends the life of the equipment by reducing wear, preventing breakdowns, and lowering maintenance expenses.
- Make that the viscosity remains constant throughout the fluid's service life.
- Decreased deposits lead to longer gear and bearing life.
- Less wear during startup and simpler startup
- Reducing rust to lengthen equipment life and boost equipment protection.
- Enduring performance under challenging service operational circumstances

Application:

API GL-4 level performance is necessary for heavy-duty manual gearboxes, axles, and final drives. Light and heavy-duty trucks, as well as commercial vehicles, are allowed on highways. The construction, mining, quarrying, and agricultural sectors are all off-highway. Hypoid drive axles are not impaired by this.

Pack: 1L / 2.5L / 5L / 20L

Pack: 1L / 2.5L / 5L / 20L

G-Crankz Gear Oil 75W-85 (GL4)

- Reduces wear and failures, extending equipment life and lowering maintenance costs.
- Maintain stable viscosity throughout the fluid's service life.
- Minimal deposits result in longer gear and bearing life.
- Reduced wear and simplicity of start-up
- Preventing corrosion for improved equipment protection and longevity
- In harsh service working situations, the performance is smooth and long-lasting.

Application:

Heavy duty manual transmissions, axles and final drives requiring API GL-4 level performance. Passenger cars, on highway light and heavy duty trucks, and commercial vehicles. Off highway industries including: construction, mining, quarrying, and agriculture. Not applicable for hypoid drive axles

G-Crankz Gear Oil 85W-140 (GL5)

- Increased load and stress bearing capacity, which prevents early failure and extends equipment life.
- Under extreme operating conditions, maintains viscosity and film strength to avoid wear.
- Deposits are kept to a minimum to ensure lengthy gear and bearing life.
- Wear reduction and increased component life
- Keeps the film strong for optimal lubrication.
- Minimal leakage and contamination

Application:

Heavy duty axles and final drives requiring API GL-5 level performance. Passenger cars, on highway light and heavy duty trucks and commercial vehicles. Off highway industries including: construction, mining, quarrying, and agriculture. Transmissions, axles and other applications where oils meeting GL-5 are recommended

Pack: 1L / 2.5L / 5L / 20L

G-Crankz ATF DX VI

- Smoother shifting performance and increased gearbox efficiency
- Long gearbox life is facilitated by the conservation of viscosity even under very stressful working circumstances.
- Excellent oil film protection for longer service life while running at high temperatures.
- Outstanding gearbox performance, especially under challenging driving situations, is made possible by reduced deposits and sludge buildup.
- Fantastic leak prevention

Application:

Transmission fluid for automatic transmissions that has DEXRON-VI. DEXRON III is advised for use in older automatic gearboxes that are fully backwards compatible. suitable for use in Asian-made automatic transmissions that must meet the requirements listed below (see Specification Chart). Not advised for use in CVTs

Pack: 1L / 20L
